Workshop & Project Application Form

If you are interested in running workshops or a project at the Free Space Project then please complete the application form below. We welcome proposals from a diverse range of artists and facilitators that support a wide range of communities. Please note that our remit is on projects that explore health, wellbeing & community and you should consider whether your proposal fits into this. Please look at the past projects on our website to get an idea of the types of projects that we support and deliver.

We are unable to offer direct funding for projects but are open to working with people to secure external funding.

The Free Space Project reserves the right to refuse workshops at their own discretion.
